

CARMA

RMA and other non-formal learning methods for Student Motivation

www.carma-project.eu

Objectives:

- * To increase student motivation and participation by offering new form of teaching-learning using non-formal approaches to support disadvantaged learners and increase their achievements
- * To integrate the RMA as an assessment tool within school curricula
- * To expand teachers' skills through training and assessment framework with knowledge and resources on how to use inclusive and participatory practices and develop collaborative relationships in and out of school
- * To provide policy recommendations for strategies to reduce early school leaving and increase basic skills

Activities:

- * Introducing of a practical method for continuous assessment of professional and transversal skills (RMA) to improve the attainments of young people, particularly those at risk of early school leaving
- * Revising and strengthening the professional profile of the teaching professions
- * Training events rendering non-formal education a practical and recognizable method for teaching
- * Implementing the consolidated process of proposing, enriching, and piloting an innovative learning approach
