

CLARITY Clear Language Actions Responding with Information for migrants in employment

www.clarity-project.org

Objectives:

- * To recruit three migrants and train them to become trainers, including official accreditation where possible. This includes definition of the qualifications and registrations required, use of Accreditation of Prior Learning, gap-filling with host country training, any limitations on employment (e.g. public sector)
- * To support the new Migrant Trainers to translate the training material into the migrant language
- * To organise and operate pilot training courses, to include a minimum of 50 migrants. These will normally be half-day or one-day courses

Activities:

- * Train a small number of migrants to become trainers in their own languages
- * Translate existing training courses into the migrant languages and deliver these
- * Delivery own-language basic training in more languages and more workplaces
