

## **E-NEEDD**

### **European Network**

### **on Exchange Early Detection Drug-consumption**

#### **Objectives:**

The E-NEEDD Project meets several of the proposed objectives of the *Strategy to Combat Drugs 2005/2012*. In line with this strategy document, it is considered essential to successfully prevent at school level, to research and train teachers and professionals working in education. E-NEEDD aims to develop applied solutions and training in the field of drug prevention

#### **Activities:**

- \* Comparative analysis of the prevalence of drug use and associated factors in child population in the participating countries
- \* Comparative study of preventive interventions developed in the participating countries and identification of the best practice and distribution of it
- \* Development of an early detection scale of drug use
- \* Design and evaluation of a training program (50 hours) on prevention and counseling in drug abuse directed at teachers in secondary schools

#### ***Follow the project [IN ACTION](#)***
