

MANUCULTURA Cultural Education with Apprentices

www.manucultura.net

Objectives:

- * To give new inputs to initial vocational training and school system of partner countries
- * To demonstrate the synergy between culture and initial vocational training sectors
- * To encourage the development of social and cultural key competences in youth trainees
- * To give innovative idea how to improve youngsters' participation to culture activities

Activities:

- * Exchanging method and techniques for cultural education during initial Vocational Education and Training (VET)
- * Developing joint suggestions how to promote culture training in Institutions of Art, Trade and Marketing, and initial VET
- * Identification, collection and sharing of best practices, as examples of Culture Project activities targeting youth
- * Delivery of five international study visits to learn more about hosting partner country in the frame of learning, training, culture and art

Follow the project [IN ACTION](#)

Results:

- * MANUCULTURA – [Recommendations on Cultural Education](#): Analysis and identification of models for successful cultural education with apprentices
- * MANUCULTURA Blog: collection of cultural projects, Best Practices and list of suggestions on how to promote culture training in Institutions of Art, Trade and Marketing and initial VET successful

Partners:
