

## SPLUS

### Sport Plus: looking up new goals

#### **Objectives:**

- \* To promote sport as educational tool for social inclusion specially for people with fewer opportunity
- \* To deepen knowledge about EU measures in the field of sport under the new Erasmus+ programme
- \* To provide knowledge and competences to develop new youth sport projects and encourage closer synergies and collaboration between youth work and sport field

#### **Activities:**

- \* [SPLUS Training Course](#) took place in an extremely active way, combining theory and practical workshop through non-formal learning methods. Starting from an analysis of key concepts (fewer opportunities, sport, inclusion, youth work, Erasmus+), participants reflected about the role of sport at local and European level, the youth involvement in sport, motivation of doing outdoor activities and barriers that people can daily face
