### Tissu Associatif et Transfert de Connaissances

[Network of Associations and Knowledge Transfer]

[www.tatrac.tn](http://www.tatrac.tn)

#### **Objectives:**

- \* To promote scientific research and its relevance to local or national needs
- \* To better spread the achievement and results of scientific research, which could benefit the whole society
- \* To simplify the innovation mechanism in the scientific field, making it more consistent with the ground needs of society, easing a reciprocal circulation of knowledge
- \* To enhance the role of NGOs and civil society organizations (CSOs) in national innovation processes in Tunisia and Sicily

#### **Activities:**

- \* Identification and selection of relevant associations or CSOs, working in the field of scientific research enhancement
- \* Capacity building addressed to the selected organisations based on: (1) awareness-raising on the benefits of transferring scientific knowledge, (2) training tools and methodologies to enhance the results of scientific research
- \* Delivery of such a transfer towards relevant socio-economic stakeholders
