

>>DEVOTED: DEvelopment Of Trainers in EDucation

The **DEVOTED** project, funded by the European Union's Lifelong Learning Programme, seeks to identify, make visible and widely disseminate examples of good practice in the field of formal and non-formal education for disadvantaged young people.

In many initiatives and projects at national and European level valuable strategies, didactic and methodological approaches, practical tools or learning materials have been developed for adult educators who work with disadvantaged groups of young learners. It is these materials DEVOTED aims to disseminate.

To this end, **DEVOTED** collects existing good practices in three thematic fields:

- > intercultural communication, gender and diversity;
- > key, social and citizenship competencies;
- > creative skills and ICT competencies.

After a thorough analysis and selection these materials, which may raise awareness and upgrade the competencies of education professionals will be published as good practice inventories. These inventories will be accompanied by

- > Booklets with guidance how to use these good practices most effectively
- > A multilingual project brochure (EN, DE, RO, IT, NL)
- > A manual for mobile team of who can act as multipliers of good practice
- > A quality criteria catalogue for the identification of good practice

>>How can I learn more about DEVOTED?

For further information how to obtain the **DEVOTED** products, as well as on the progress of the project activities and on ongoing project events please

- > Consult our project website www.devoted-project.eu
- > Download the **project flier** or
- > Get in touch with the **project coordinator**

>>How can I actively participate in DEVOTED?

If you would like to **express specific needs** which should be addressed in the **DEVOTED** project, **enter into dialogue** with the project team or **share good practice** in the field of education of disadvantaged youngsters you are most welcome to **contact us**. Your contributions will much appreciated.
