“Youth in Action” program, from September 2013 and until February 2014 we’re carrying out several activities, hosted by CAPEC [Cameroon Association for the Protection and Education of the Child](#) in Yaoundé, Cameroon. We’re leading different objectives in a school for low-income families, Bitame Lucia International School located in Nkofoulou village.

CAPEC is a non-governmental, not for profit organization, working in Cameroon; since its inception in 2002, the organization has been working with orphans, underprivileged children and child laborers.

Together with CAPEC we’re promoting a Christmas campaign to reach out 200 kids in some identified orphanages in Yaounde that CAPEC has been working with in past years. The objective of the program is to enable less privileged children and orphans, share in the joy and blessing of Christmas by giving them both financial and materials gifts. We took contact and visited three orphanages, we met the children that live there and the volunteers are working with devotion. All, they need a serious help, basic needs must to be provided, such as: clothes, shoes, sheet, plates, toys, medicines and food (bags of rice, tomato sauce tin, cooking oil, etc.). We would like also to organize a real Christmas party in these orphanages, and give a gift to each child. Donations that our friends and relatives will decide to offer will be collected directly from each volunteers, and we will attend to provide and bring to the orphans their Christmas’s gifts.
