

GOVERN

Fostering autonomy and accountability: Development of State-of-the-Art HE Management System for efficient changes in line with Bologna principles

www.govern.am

Objectives:

- * To build on the capacity of administrative staff for managing system changes efficiently
- * To revise the legal (system level) and regulatory (HEI level) frameworks in line with Bologna action lines
- * To establish the state-of-the-art university management system through overhaul of approaches to system changes: strategic, financial and human resource management
- * To introduce working approaches to student-centered educational provisions: ECTS and academic programme management to assure quality and promote student mobility

Activities:

- * Building on capacity of top and middle level administration to enable Bologna action lines implementation
- * Creating a State-of-the-art management system based on new approaches to strategic and structural management, budget allocation, human resource management
- * Selecting indicators and criteria for academic programme and student mobility operationalization
- * Introducing new approaches to managing academic programmes and office of academic affairs and registrar (installation of student portal and student affairs information management system)

*Follow the project **IN ACTION***

Results:

- * GOVERN [Training Kit for capacity building of administrative and managerial staff of HEIs](#) in Armenia

Partners:
