

MOBILE

Mobility In Learning in Europe

www.mobilityinlearning.eu

Objectives:

- * To improve the quality of mobility projects for disadvantaged learners
- * To improve access to international work exchange opportunities and upgrading their quality
- * To develop a common European quality assurance system that focuses on learners, teachers, sending organisations, receiving organisations and the companies that offer work placements
- * To offer easy accessible and up-to-date information about placements for disadvantaged beneficiaries
- * To promote and valorising a coaching model that exploits international work exchange of disadvantaged beneficiaries

Activities:

- * Setting up a quality framework describing the competences of mentors, teachers and beneficiaries in international work exchange
- * Identifying teachers, trainers, mentors and beneficiaries who will participate in hosting and sending mobilities
- * Identifying wider network of stakeholders to participate in piloting and testing the training programmes
- * Piloting and delivering draft “training the trainer” programmes to teachers in sending country
- * Mini conferences and Seminars for mentors, trainers, teachers and beneficiaries, decision makers, companies and educational institutions
- * International work exchanges (mobilities)

*Follow the project **IN ACTION***

Results:

- * Quality assurance system and Qualification and certification system, focuses on mentors, teachers, beneficiaries and enterprises and educational institutions
- * E-learning platform
- * Training programmes, [Toolkit](#)
- * Competence card, certification and learning tool for key competences
- * Booklet about peer mentoring and job shadowing experiences and tools

Partners:

- * Coordinator: Euricon (The Netherlands)
- * Anders Ljungstedts gymnasium (Sweden)
- * VHS Aachen (Germany)
- * CKU Sopot (Poland)
- * Art 27 (Belgium)
- * Doncaster College (United Kingdom)
- * Fundación Tomillo (Spain)

Date of project: 01/11/2013 - 31/01/2016
