Migrant Access to Vocational Education Networks

www.maven2011.wordpress.com

Objectives:

- * Create a structure to capture the experience, ideas and recommendations of minority/migrant learners in our VET systems
- * Share the Histories in local groups and across the partnership, by mobility visits to others
- * Use the results of the Histories to raise new awareness among training providers and support agencies about what works and what does not work
- * Encourage the staff to share best practice and these new perspectives across the translational partnership
- * Increase taking up of VET in our local area, by providing information and motivation to the potential learners that we work with

Activities:

- * Networking for migrant and VET centre
- * Life stories collection
- * Collecting materials to create a local and European clear picture about VET access for migrants and minorities
