

I'M PART OF THE CHANGE: MOBILIZATION OF ADULTS TO EMPOWER COMMUNITIES ACROSS THE EUROPE!

The Citizens Xelerator project enhances civic skills and democratic engagement for adult learners. This initiative provides resources that strengthen community involvement and social empathy across Portugal, Spain, Croatia, Romania, Greece, Italy, Ireland, and Germany.

Building skills for more engaged communities

Citizens Xelerator introduced a range of innovative tools designed to boost democratic participation among adults. With the **LifeComp Cards**, participants explore essential skills like empathy and collaboration. Meanwhile, resources such as the **Citizens Xelerator Model and Kit** have equipped educators with a versatile toolkit to engage adults in diverse learning environments, from local civic actions to social literacy programs.
