ILCES – Intergenerational Learning Communities
towards Environmental Sustainability

Intergenerational
Learning Communities
TOWARDS ENVIRONMENTAL
SUSTAINABILITY

Final project events

Our project collected innovative ideas from five different countries on how to enhance sustainability in education centres.

We have developed an **Impulse Handbook**, **Learn platform** and **Recommendations and Guidelines for forward-thinking community learning centres** to share our findings.

Thank you to everyone who joined us at multiplier events and workshops across Croatia, Germany, Ireland, Italy, and Latvia to share these ideas and collaborate for a sustainable future.

Presentation, Ireland

School Workshop, Germany

Summer Terrace, Latvia

Field trip, Italy

Get-together, Croatia

You are looking for engaging activities for your students?
You need ideas to spark group discussions or kickstart a green challenge?

Discover new ways to explore sustainability and intergenerational learning!

Explore our [Impulse Handbook](#)
and our [Learn Platform](#) today!

You want to make your organization more sustainable?
Curious about what other organizations around Europe are doing?

Check out our [Recommendations!](#)

Who we are
